

Southwold Harbour Fender Repair Works Update

Update — week commencing 1st November 2021

Following on from our most recent updates, please find below some additional information about the works progress. Please do get in touch if you have any concerns or need further information.

- Works requiring the jack-up barge (JUB) are now complete.
- The JUB is in the position detailed on page two and will move up river to be demobilised.
- Some maintenance work has been carried out on the existing fender panels.

Works taking place from Monday 1st November:

- The new navigation lights will be installed.
- Maintenance work will be carried out on the existing fender panels.
- Caps will be fitted and made secure on all the new piles.
- The causeway will be removed.
- The rock armour protecting the fender will be put back in place.
